RE: Anderson Systems Integration (ASI)

The New Castle-Henry County Public Library has employed the services of ASI for over 10 years. This company has undertaken both telephone and security system projects for the library and installed both types of systems during the library's building project.

We have found ASI's work to be professional and timely, the employees to be proficient and confidential, and that the company takes pride in offering quality services matched to customer needs and financial resources.

We recommend ASI to organizations seeking telephone, security systems, or other low voltage services.

Sincerely,

Jan Preusz, Director
New Castle-Henry County
Public Library
